# WHAT TEACHERS ARE SAYING

I needed to update my task boxes and give a bit more of a challenge and this was just the resource to do it. I needed a good amount but my budget is tight so I appreciate this option for multiple options plus a great price. Thank you!

Kayla J.

I loved having these task box activities for my students to practice their learned skills. I put them in plastic photo holders and hand them out. They are particularly useful if I have to assess another student. This way, the other student(s) are working on something beneficial that they can manage themselves.

Dana C.
